 SECTION IV. PARTICULAR CONDITIONS	

INTRODUCTION

These Tender Documents have been developed for the procurement of works of a simple nature and complexity that are contracted under National Competitive Tendering procedures. The documents should be adapted as necessary to the requirements of the specific works to be procured.

These documents are intended to be used where the proposed works are of simple nature, small value (say up to GHC 500 million)¹, short contract duration (less than 4 months), and where the magnitude of the potential risks involved is small for both the Employer and the Contractor.

The General Conditions of Contract contained herein are based on the first edition, 1999 of the International Federation of Consulting Engineers' (FIDIC) "Short Form of Contract", and the balance of the document on the World Bank's documentation.

A particular feature of the Tender Document for Procurement of Works – Small Contracts (TDW-SC) is the single form of Agreement containing Offer and Acceptance, which, together with the documents listed in the accompanying Appendix, constitute the Contract.

Details to be entered by the Employer prior to the release of the Tender Documents for a particular project are limited to the Tender Data Sheet (TDS), the proposed Agreement, and the Particular Conditions. Details not entered by the Employer are the responsibility of the Tenderer. In addition, the Employer provides the Specification, Drawings, and Bill of Quantities or Schedule of Activities (when necessary).

Whoever prepares the Tender documents should be thoroughly familiar with the Instructions to Tenderers and Conditions of Contract included in the TDW-SC, as well as with the law applicable to the contract and any specific requirements of the specific contract. Where the user has little experience in writing Tender Documents or where complicated circumstances apply, expert advice should be sought.

Since the intention is that these documents should only be used for contracts of short duration and of low risk, there is no reference to an impartial "Engineer" or "Project Manager" but the Employer must appoint an authorized person to act for him, and if he wishes to engage a consultant to administer the contract, he may appoint a representative with specific delegated duties and authority.

The use of Tender and Performance Securities should be part of the overall approach to risk management and should take into account available measures to reduce the risk of contractor's default.

The charts on the next two pages illustrate the sequence of events during contract award and execution.

Section I. Instructions to Tenderers

A. GENERAL

- (a) Scope of Tender**
- 1.1 The **Employer**,⁶ as named in the Agreement form, invites Tenders for the construction of **Works** as summarized in the Tender Data Sheet (TDS). The name and identification number of the **Contract** is provided in the TDS.
- 1.2 The successful Tenderer will be expected to complete the **Works** within the **Time for Completion** stated in the Appendix section of the Agreement, hereinafter referred to as the Appendix. The **Time for Completion** shall be calculated from the **Commencement Date**.
- 1.3 Throughout these Tender Documents, the term “writing” means any hand-written, type-written, or printed communication, including telex, cable and facsimile transmission, and “day” means calendar day. Singular also means plural. The word “Tenders” is synonymous to “tender” and the words “Tender documents” synonymous to “tender documents”.
- 2. Source of Funds**
- 2.1 The **Employer** intends to apply a part of its Budgetary allocation to fund payments under the **Contract** for which these Tender Documents are issued.
- 3. Fraud and Corruption**
- 3.1 The attention of the Tenderers is drawn to the **Country** regulations on the prevention of fraud and corruption, and to Sub-Clause 12.2 of the General Conditions of Contract (Section IV) which shall apply also to any Tenderer.
- 4. Eligibility**
- 4.1 Tenderers shall be legally incorporated in Ghana and shall quote only in Ghanaian Cedis (GHC). State-owned enterprises may participate only if they are independent and operate under commercial law.

⁶ Words appearing in bold in the text of these ITT sub-clauses are defined in clause 1 of the General Conditions

5. Qualification of the Tenderer

5.1 Tenderers shall include the following information and documents with their Tenders unless otherwise stated in the TDS:

- (b) General Construction Experience Record: total annual turnover in the civil works construction business expressed as total of payment certificates for work performed in each of the last three years;
- (c) Particular Construction Experience Record: experience on works of a similar nature and complexity over the last five years, and details of work under way or contractually committed; clients who may be contacted for further information on those contracts;
- (d) Equipment Capabilities: major items of construction equipment proposed to carry out the Contract;

- (f) Financial Capabilities: reports on the financial standing of the Tenderer, such as profit and loss statements and auditor's reports for the past three years;
- (g) Evidence of adequacy of cash flow for this Contract (access to line(s) of credit and/or availability of other financial resources);
- (h) Authority to seek references from the Tenderer's bankers;
- (i) Business Record: information regarding any litigation, current or during the last five years, in which the Tenderer is involved, the parties concerned, and disputed amount;

A consistent history of litigation or arbitration awards against the Tenderer or any partner of a joint venture may result in disqualification.

- 6. One Tender per Tenderer** 6.1 A firm shall submit only one Tender either individually or as a partner of a joint venture. A firm which submits or participates as a Tenderer in more than one Tender will cause all the proposals with the firm's participation to be disqualified. A firm may participate in more than one Tender only as a subcontractor.
- 7. Cost of Tender** 7.1 The Tenderer shall bear all costs associated with the preparation and submission of its Tender, and the **Employer** will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the Tender process.

-
- 8. Site Visit** 8.1 The Tenderer, at the Tenderer's own responsibility and risk, is encouraged to visit and examine the **Site**, and its surroundings where the **Works** are to be executed and obtain all information that may be necessary for preparing the Tender and entering into a contract for construction of the **Works**.

- 19.4 If the outer envelope is not sealed and marked as above, the **Employer** will assume no responsibility for the misplacement or premature opening of the Tender.
- 20. Deadline for Submission of Tenders**
- 20.1 Tenders shall be delivered to the **Employer** at the address specified above no later than the time and date specified in the TDS.

- 21. Late Tenders**
- 21.1 Any Tender received by the Employer after the deadline for submission of Tenders will be returned unopened to the Tenderer.

⁷ Addendum to extend the deadline for submission of Tenders should not extend the Tender Validity Period beyond 56 days.

- 22.1 Tenderers may modify or withdraw their Tenders by giving notice in writing before the deadline for submission of Tenders.
- 22.2 Each Tenderer's modification or withdrawal notice shall be prepared, sealed, marked, and delivered in accordance with Clauses 18 and 19, with the outer and inner envelopes additionally marked 'MODIFICATION' or 'WITHDRAWAL', as appropriate.
- 22.3 No Tender may be modified after the deadline for submission of Tenders.
- 22.4 Tenderers may only offer discounts to, or otherwise modify the prices of their Tenders by submitting Tender modifications in accordance with this clause, or by including such modifications in the original Tender submission.

E. TENDER OPENING AND EVALUATION

- 23. Tender Opening**
- 23.1 The **Employer** will open the Tenders, including modifications, in the presence of the Tenderers' representatives who choose to attend at the time and in the place specified in the TDS.
- 23.2 Notices of "WITHDRAWAL" shall be opened and read out first. Tenders for which an acceptable notice of withdrawal has been submitted shall be returned unopened to the Tenderers.
- 23.3 The Tenderers' names, the Tender prices, the total amount of each Tender and of any alternative Tender (if alternatives have been requested or permitted), any discounts, Tender modifications and withdrawals, and such other details as the **Employer** may consider appropriate, will be announced by the **Employer** at the opening.
- 23.4 The **Employer** will prepare minutes of the Tender opening, including the information disclosed to those present.
- 23.5 Tenders not opened and read out at Tender opening shall not be further considered for evaluation, irrespective of the circumstances..

-
- 24. Process to Be Confidential** 24.1 Information relating to the examination, clarification, evaluation, and comparison of Tenders and recommendations for the award of a contract shall not be disclosed to Tenderers or any other persons not officially concerned with such process until the award to the successful Tenderer has been announced.
- 25. Clarification of Tenders** 25.1 To assist in the examination, evaluation, and comparison of Tenders, the **Employer** may, at the Employer's discretion, ask any Tenderer for clarification of the Tenderer's Tender, including breakdowns of prices. The request for clarification and the response shall be in writing or by cable, telex, or facsimile, but no change in the price or substance of the Tender shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the **Employer** in the evaluation of the Tenders in accordance with Clause 28.
- 26. Contacting the Employer** 26.1 No Tenderer shall contact the **Employer** on any matter relating to its Tender from the time of the Tender opening to the time the **Contract** is awarded. If the Tenderer wishes to bring additional information to the notice of the **Employer**, it should do so in writing.
- 26.2 Any effort by the Tenderer to influence the **Employer** in the Employer's Tender evaluation, Tender comparison or contract award decisions may result in the rejection of the Tenderers' Tender.
- 27. Examination of the Tenders and Determination of Responsiveness** 27.1 Prior to the detailed evaluation of Tenders, the **Employer** will determine whether each Tender (a) meets the eligibility criteria; (b) has been properly signed; and (c) is substantially responsive to the requirements of the Tender Documents.
- 27.2 A substantially responsive Tender is one which conforms to all the terms, conditions, and specifications of the Tender Documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the **Works**; (b) which limits in any substantial way, inconsistent with the Tender documents, the Employer's rights or the Tenderer's obligations under the **Contract**; or (c) whose rectification would affect unfairly the competitive position of other Tenderers presenting substantially responsive Tenders.

- 27.3 If a Tender is not substantially responsive, it will be rejected by the **Employer**, and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.
- 28. Correction of Errors**
- 28.1 Tenders determined to be substantially responsive will be checked by the **Employer** for any arithmetic errors. Errors will be corrected by the **Employer** as follows:
- (a) where there is a discrepancy between the amounts in figures and in words, the amount in words will govern; and
 - (b) if a Bill of Quantities is used and there is a discrepancy between the unit rate and the line item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern, unless in the opinion of the **Employer** there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line item total as quoted will govern, and the unit rate will be corrected.
 - (c) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the totals shall be corrected.
- 28.2 The amount stated in the Tender will be adjusted by the **Employer** in accordance with the above procedure for the correction of errors and, with the concurrence of the Tenderer, shall be considered as binding upon the Tenderer. If the Tenderer does not accept the corrected amount, its Tender will be rejected.
- 29. Evaluation and Comparison of Tenders**
- 29.1 The **Employer** will evaluate and compare only the Tenders determined to be substantially responsive.

29.2 In evaluating the Tenders, the **Employer** will determine for each Tender the Evaluated Tender Price by adjusting the Tender Price as follows:

- (a) making any correction for errors;
- (b) excluding the provision, if any, for contingencies, but including daywork, if any, where priced competitively;
- (c) making an appropriate adjustment for any other acceptable variations, deviations, or alternative offers submitted in accordance with Clause 17; and
- (d) making appropriate adjustments to reflect discounts or other price modifications offered in accordance with Sub-Clause 22.4.

29.3 The **Employer** reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, and alternative offers and other factors which are in excess of the requirements of the Tender Documents or otherwise result in unsolicited benefits for the **Employer** will not be taken into account in Tender evaluation.

GENERAL CONDITIONS OF CONTRACT

FIDIC

FOREWORD

These Conditions of Contract have been prepared by the Fédération Internationale des Ingénieurs-Conseils (FIDIC) and are recommended for engineering and building work of relatively small capital value. However, depending on the type of work and the circumstances, the Conditions may be suitable for contracts of greater value. They are considered most likely to be suitable for fairly simple or repetitive work or work of short duration without the need for specialist sub-contracts.

The main aim has been to produce a straightforward flexible document which includes all essential commercial provisions and which may be used for all types of engineering and building work with a variety of administrative arrangements. Under the usual arrangements for this type of contract, the Contractor constructs the Works in accordance with design provided by the Employer or by his representative (if any). However, this form may also be suitable for contracts which include, or wholly comprise, contractor-designed civil, mechanical and/or electrical works.

In addition, the Employer has a choice of valuation methods. Furthermore, although there is no reference to an impartial Engineer, the Employer may appoint an independent Engineer to act impartially, should he wish to do so.

The form is recommended for general use, though modifications may be required in some jurisdictions. FIDIC considers the official and authentic text to be the version in the English language.

The intention is that all necessary information should be provided in the Appendix to the Agreement, the latter incorporating the tenderer's offer and its acceptance in one simple document. The General Conditions are expected to cover the majority of contracts. Nevertheless, users will be able to introduce Particular Conditions if they wish, to cater for special cases or circumstances. The General Conditions and the Particular Conditions will together comprise the Conditions governing the rights and obligations of the parties.

To assist in the preparation of tender documents using these Conditions, Notes for Guidance are included. These Notes will not become one of the documents forming the Contract. Finally, applicable Rules for Adjudication are also included.

The attention of users is drawn to the FIDIC publication "Tendering Procedure", which presents a systematic approach to the selection of tenderers and the obtaining and evaluation of tenders.

11.7 Currency The contract price shall be expressed entirely in the currency of the Country and all payments made in accordance with the Contract shall be in the same currency.

Following Sub-Clause 12.1 insert:

12.1.1 Corrupt or Fraudulent Practices If the Contractor has engaged in corrupt or fraudulent practices, in competing for or in executing the Contract, the Employer may, after given 14 days notice to the Contractor, terminate the Contract. For the purpose of this Sub-Clause:

“corrupt practice” means the offering, giving, receiving or soliciting of any thing of value to influence the action of a public official in the procurement process or in Contract execution;

“fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a Contract to the detriment of the Employer, and includes collusive practice among Tenderers (prior to or after Tender submission) designed to establish Tender prices at artificial non-competitive levels and to deprive the Employer of the benefits of free and open competition.

Delete the item 15.3 of Appendix and the entire Clause 15. Substitute with:

15.1 Resolution of Disputes If any dispute arises between the Employer and the Contractor in connection with or arising out of the Contract, the parties shall seek to resolve any such dispute by amicable agreement. If the parties fail to resolve such dispute by amicable agreement, within 14 days after one party has notified the other in writing of the dispute, then the dispute shall be referred by either party to the competent courts, which shall rule in accordance with the current regulations of the Country on contract disputes.
